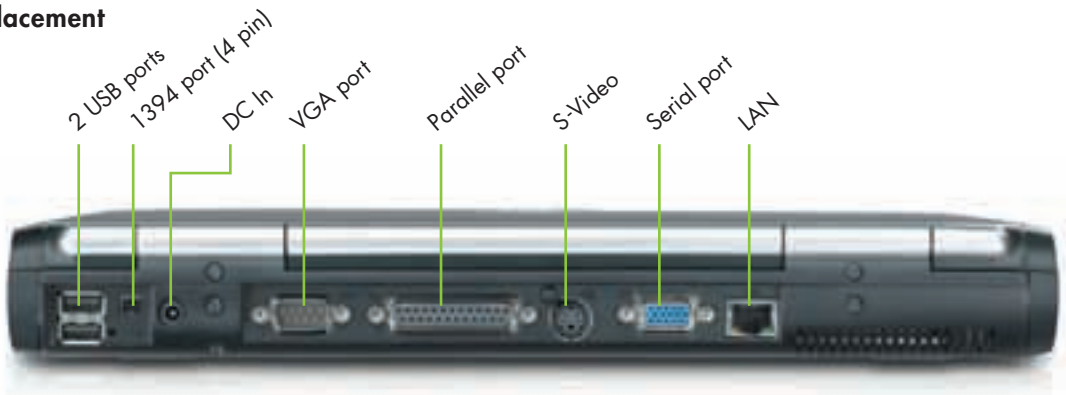
Feature placement



Total solutions
Whether you're in and around the office or out on the road, the HP Compaq Business Notebook nc8000 with Intel® Centrino™ Mobile Technology offers performance, expandability and a host of security features to meet the needs of the most demanding mobile professionals. It incorporates devices and accessories that guarantee a smooth deployment, ease of operation and the scalability to grow with future technology – all while keeping your total cost of ownership low.

Secure networking

- **Supports HP Protect Tools Embedded Security**
  HP Protect Tools is an integrated security feature designed to enable secure device authentication.
- **Optional integrated Smart Card reader**
  Provides data protection and a more secure approach to user authentication.
- **Supports HP Protect Tools Smart Card Security Manager (optional)**
  A Smart Card software security platform that can be fully customised by HP Services to deliver comprehensive security solutions that meet your individual requirements.

Wireless solutions

- **Wireless communication options**
  The HP Compaq nc8000 also supports Intel® Centrino™ Mobile Technology featuring 802.11b.Choose between an integrated tri mode or dual mode 802.11x wireless LAN with Cisco support.
- **Integrated Bluetooth module**
  Share, synchronise and print with other Bluetooth-enabled devices.

Seamless connectivity and expandability

- **Standard Gigabit LAN (10/100/1000) controller**
  This achieves much faster throughput than a standard 10/100 Ethernet.
- **Secure Digital (SD) slot**
  An integrated SD slot provides additional file storage and file transfer capabilities, while supporting future technology developments.
- **Commonality and compatibility**
  Every HP Compaq Business Notebook nc8000 utilises the same MultiBay, docking and power accessories, along with consistent software applications that ensure ease of deployment and use.

Mobile accessories

- **Port replicator** (part number DC367B)
  This enables you to easily connect a monitor, keyboard, mouse and other devices such as and external MultiBay.

- **Advanced port replicator** (part number DC366B)
  To deliver desktop functionality, the advanced port replicator includes two integrated MultiBay slots for extra access to devices such as hard drives and optical drives.
- **Second battery** (part number DC887A)
  An additional standard 8-cell Lithium-Ion battery, 4.4Ahr and Smart Battery technology.

- **Additional memory** (256MB part number F4695A/512MB part number F4696A)
  Additional memory increases notebook performance and productivity for memory-intensive applications.

- **Second power adaptor** (90W AC Adaptor – part number DC899A)
  Travel light with the convenience of a second power adaptor.
- **Combo MultiBay** (part number DC364A)
  Provides a high degree of expandability and user flexibility to configure the notebook for your evolving needs.
- **5GB PC Card hard disk drive** (part number DF928A)
  Increase storage capacity and portability with this high-capacity PC Card Type II compliant hard disk drive.
- **Security Lock Cable** (part number DC368A)
  Keep your notebook safe from unauthorised users.

- **Backpack** (part number DF772A)
  Ergonomically designed with a padded rear, various pockets and an external clip.
